Good Luck,
Doug Berg

Ok, you talked
me into it, I'll
sign it. English was
fun, but the teacher wasn't.
Especially on the days of substitute it
was fun. Good ~~luck~~ luck next year.
I hope another senior doesn't mistake you
for a sophomore and plaster you. Maybe you
should wear a sign saying... look on page 306 of
this annual.

A.

And then there was . . .

The Fair

And then there was . . .

The Time

. . . looking back, time seemed to pass quickly. Suddenly the never ending algebra class, the often-boring study hall and the senior year were all over. There were both sad and happy times. There were times we spent alone; but in the end, all the times will be remembered.

And then there was . . .

The Thing

. . . In every year there are new fads. This year it seemed to be long skirts, platforms and shorter hair. The things that are so important today will seem foolish tomorrow, but they will always remain a part of us and each will represent a special phase of our lives.

And then there was . . .

The Knowledge

. . . the knowledge of our own world being affected for the first time by the world around us. The resignation of the President, the energy crisis, job layoffs and continuing inflation all became realities for us. As we grew in knowledge, we also grew in understanding — the understanding of our place in the world.

The Future

. . . beckoning us to unknown destinies. We disliked the establishment, now we are the establishment; we disliked the leaders, now we have become the leaders; we disliked conformity, and now we find ourselves conforming. It is our world; for the place, the people, the time, the thing, the knowledge and the group of our high school years will make us the adults we will be in the future.

Again this year there was another hectic

Homecoming

All organizations joined together to try to win the hall decorations contest. Others tried to show off all of their hidden talents in the first annual Homecoming Review. This year homecoming had a very happy ending as the football team beat the "Jiving" Wilmer-Hutchins Eagles. Nearly everyone went to the dance, sponsored by the Pacesetters, to celebrate.

who sponsored it. The pep squad ventured to try new things this year. They worked up a half-time show for the Homecoming game, and performed in the stands with flash cards. Though few people ever take notice, these girls really work hard trying to promote spirit throughout the student body.

In addition to performing at half-time shows, the

Our surroundings will change as we go on to bigger and better things, but we'll always remember J. J. Pearce; The High School which encompassed so much of our time.

Students and teachers contributed most of the ideas that served to make a fuller life for all. One day we may look back and find that these people and their ideas helped to make us better people.

We expect you will someday find a rainbow,
hopefully with your very own "pot of gold" at the end.
